

OIL & GAS - FWW PERSONAL PROTECTION EQUIPMENT

Este producto ha sido diseñado,
desarrollado o fabricado bajo el Sistema
de Gestión certificado por Bureau
Veritas Certification, bajo la norma ISO
9001:2015. Certificado Número
CD24.08170.

ABOUT

FIRE WORK WEAR

Founded by Colombian women, our company hires **family-supporting mothers to train them** and qualify them for being specialists in manufacturing **Protective Garments for the Energy & Mining Sectors**.

With a very close & strategic collaboration with all our customers, we design and manufacture all **types of protective clothing**.

Our highest objective on safeguarding people's life and the planet, **is being innovative through scientific research and technology** for the protection and well-being of the people and the society.

Our core are **responsible practices for circular economy**, focusing on sustainability and environmental, social and governance (ESG) for our organization and **collaborators to be part of the United Nations Sustainable Development Goals (UN SDGs)**.

Listed, Inspected & Certified Company

Este producto ha sido diseñado, desarrollado o fabricado bajo el Sistema de Gestión certificado por Bureau Veritas Certification, bajo la norma ISO 9001:2015. Certificado Número CO24.08170.

HRC - CAT. 2 - 3

ATPV 8.4 - 12.4 cal/cm²

PPE TECHNOLOGY

- ATPV Electric Arc Protection
- Flash Fire Protection
- Protection from the incident energy that is released when an Electric Arc occurs per ASTM F1959 standard.
- Flash Fire Protection, the Fabric does not catch fire and does not melt per ASTM F1930 standard.
- NFPA 2112 (ASTM F1930), CAN/CGSB 155.20 and ASTM F1506 certifications in accordance with NFPA 70E.
- Protective upon contact with Molten Substances

CHARACTERISTICS

- 1 "or 2" reflective tape, bicolor or unicolor.
- Customizable pockets.
- Fireproof Closures types: with snaps or buttons, or hook & loop.
- Types of & reproof & dielectric Closures: zipper.
- Non-conductive flame retardant thread.

APPLICATIONS

*Not for Chemical use

**Not for inside oven use

** Molten Substances Splashes

Mining

Petrochemistry*

Hydrocarbons

Electric Arc

Molten Metal**
