Company in Colombia

ONGC Videsh Sucursal Colombia is at the forefront of innovation and operational excellence in Colombia’s energy sector. We recognize that the future of energy depends on a balanced approach—one that ensures sustainability, efficiency, and strict adherence to environmental and regulatory standards. That is why our solutions focus not only on enhancing productivity but also on delivering long-term value to communities and the environment.

- Located in the Llanos Basin

- Acquired in 2008 during the Colombian Bid Round, CPO-5 has been integral to ONGC Videsh’s expansion into Latin America.

- The Block has 200,000 hectares, that are in production phase (Indico and Mariposa) and the rest is under exploration phase.

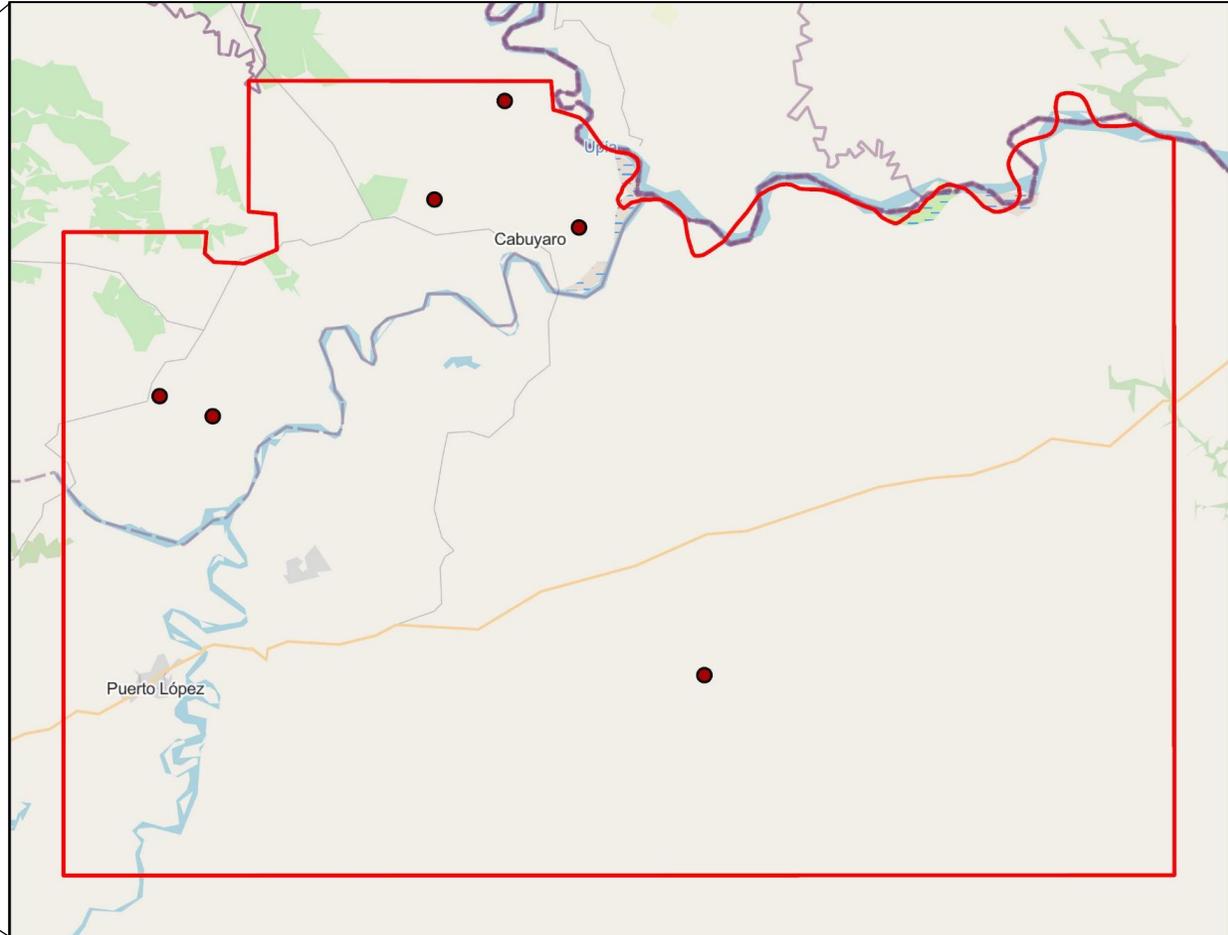

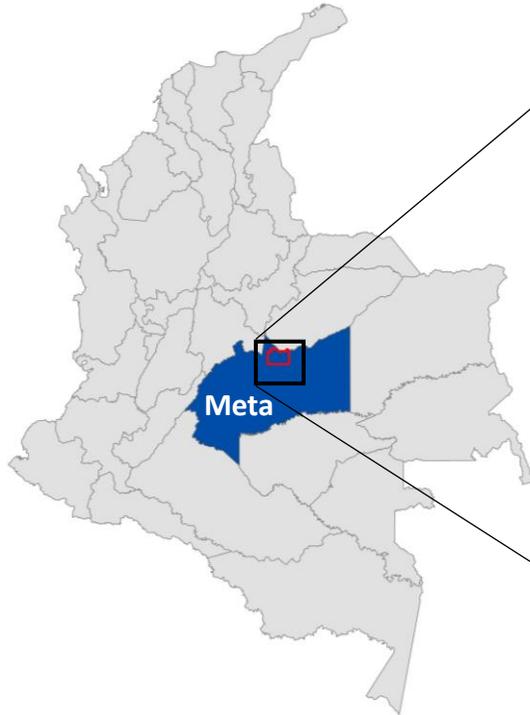

- We are the fifth-largest operator in Colombia, with an approximate production of 22,000 BOPD and 34° API crude, strengthening our presence in the national energy sector.

Upcoming Tenders in 2026

Procurement of Casing and Tubing

Presently, all contracting activities have been finalized. In case any new requirements are envisaged, the relevant tenders will be floated on the ONGC-VL website. Kindly keep a watch for any future requirements.

ONGC-VL drilling contractors list

- Tuscany Latin America
- Halliburton
- Baker Hughes
- NOV
- Tenaris
- Total QC SAS
- Innovex
- ATS
- Nabors
- GPS
- PipeSupply SAS
- Mission Petroleum

Drilling contracts Awarded in 2025

- Drilling And Completion Fluids Services
- Total Fluid Management & Disposal Services
- Cementing Services
- Directional Drilling Services
- Drilling Rig & Associated Services
- Well Supervision Services
- Transportation And Final Disposal Of Drilling Cuttings, Drilling Wastewater And Drilling Mud
- Casing And Tubing 4CP
- Liner Hanger Services
- Wellhead & Installation Services
- Drill Bits Rental Services
- Downhole Tools Rental Services
- Casing & Tubing Inspection Services
- Quality Assurance Services
- Reamer Rental Services
- Special Tools Rental Services

Production and Facilities

CPO-5 currently producing ~**22,000 BOPD** from 3 pads. Production pads **expected to double** by end of 2026.

Construction of oil and water tanks @Indico Pad

Plan to construct two (2) 5000bbls each crude oil & two (2) 2500 bbls each water tanks with instrumentations to comply with ANH Resolution 0651. Engineering in progress.

Work to begin by mid-2026

Water treatment & Injection Plant @Indico Pad

Plan to acquire 10,000 BWPD (upward capacity 15,000 BWPD) modular Water treatment & Injection plant. Disposal well to be drilled & tested during Q3 2026.

Work to begin by Q4 2026

Solar Project for electrification @Indico Pad

Plan to install 3MWh net usable capacity solar power plant at Indico Pad. Scope finalization and execution strategy under progress.

Work to begin by mid-2026.

Workover campaign 2026

Probable Workover campaign covering up to five (5) wells, including re-completion, P&A.

Campaign finalization expected by end of Q2 2026.

Upcoming Production Tenders for 2026

- Workover Rig Services
- Tubing Running Ss.
- Completion Tools.
- WBCO.
- Control & Completion Fluids.
- TFM Services.
- 3 MW Solar Plant EPC + O&M.
- Engineering Services.
- PMO Oil & Water Tanks Construction for Indico Field.
- RPM / Stim/ Water Shut Off Solutions.
- CPO5 Crude Oil Trading, Logistics & Distribution.
- Telemetry Services for the CPO5 (0651 Resolution)
- 10 KBWPD Water Treatment & Injection Plant for Indico PAD

- It is published on ONGC Tender Website

Limited Tender

- More than USD 10,000 and up to USD 500,000
- PQC list required
- Participation is limited to companies that comply with the PQC
- It is published on ONGC Tender Website.

What We Procure at ONGC VL Colombia

SURFACE FACILITIES & O&M SERVICES

- O&M for Production Surface Facilities
- Purchase of Production Surface Facilities at Indico Pad (Now ONGC-VL owned facility)
- Surface Well Testing Facilities (STT and LTT)

WATER MANAGEMENT SERVICES

- Water Management (Collection, Transport, Treatment and Disposal)
- Cuttings Disposal

G&G SERVICES

- RST Services
- Wireline
- Mudlogging
- Underbalance Perforation

WORKOVER SERVICES & EQUIPMENT

- ESP
- Workover Rig
- Completion Tools
- Tubing Running
- Completion Fluids

DRILLING SERVICES

- Drilling Rig
- Drilling and completion Fluids
- Total Fluid Management Services
- Cementing
- Directional Drilling
- Drill Bits
- Liner hanger
- Wellheads••
- Casing & Tubing Inspection Services
- Well Supervision Services
- Reamer Rental Services
- Quality Assurance Services
- Casing & Tubing Running Services
- Cutting Fluids Disposal Services.
- Fishing Services
- Downhole Tools

BUSSINESS SUPPORT SERVICES

- Legal Consultant
